Special Transport Process
For Catholic school students

If you have a student that meets the criteria for student with disability and will require special transport provisions to and from school, you should follow this process:

1. Contact the CEO/CSO to confirm disability.
2. CEO will contact CEC to complete a disability confirmation form.
3. Once disability has been confirmed complete the special transport forms. Do not send any personal disability information. Attach the CEC Disability Confirmation Sheet.
4. Send form directly to DET

If the student does not meet criteria do not encourage parents to complete the application.

Once the CEC has confirmed a special consideration status, your school will be notified and you may proceed with the application.
